

St. John High School. Little Chute, garnered nine "A" ratings and four "B" ratings with its 14 entrants in the Wisconsin High School Forensic Association, central region league tourney at St. Mary High School, Menasha. They brought down the nine wins for their share of the total 33 "A" ratings gathered for the league by Xavier High School, Appleton; St. Joseph Academy, Green Bay; Lourdes High School, Oshkosh and St. Mary High School, Menasha. These competitors

4 Hospitalized In Chilton After 2-Car Collision

No Injuries in Car-Truck Accident South of Stockbridge

CHILTON—Four persons were hospitalized following a two-car accident at the intersection of State 57 and State 114 at 7:30 p.m. Friday.

Cars driven by Robert C. Horst, 34, Milwaukee, and Larry Stache, 25, route 2, Hilbert, collided at the intersection.

Listed in good condition at Calumet Memorial Hospital here are Stache, who received facial cuts and three passengers in the Horst auto. Mrs. Horst, 32, with arm, knee and face injuries, and two of the Horst children, Thomas, 2, with head cuts, and Carla Jean, 4, with facial cuts. Mrs. Horst is six months pregnant.

Posting of County Roads Announced

Clarence Brownson, Outagamie County highway commissioner, has announced that nine county trunk highways will be posted today with season weight restrictions, which will be effective Monday.

Roads with a shallow base are being closed because of weather conditions and thawing.

The weight limit on the posted roads is six tons per axle or 10 tons on any two axles less than eight feet apart.

County Police Said the Truck was Pulling a Grader, and was Stopped in the Lane of Traffic without Warning Lights when the Collision Occurred

Thomas told police he thought the vehicle was moving, and when he was close enough to see that it was not, it was too late to stop.

Donald E. Lohrbach, 22, Sheboygan, apparently lost consciousness while going north on State 57 in Chilton at 4:53 a.m. today. He was found by a passing truck driver, who called police, and was taken to Calumet Memorial Hospital by police. He had not regained consciousness by 9:30 a.m. today. Police are investigating.

Doubts Republicans Will Support Wallace At Wisconsin's Polls

MILWAUKEE (AP)—The Midwest coordinator of Gov. Nelson Rockefeller's campaign said Friday night that there is "no indication Republicans are going to cross over into muddy waters" and support Alabama Gov. George Wallace in his bid for Wisconsin delegates to the national Democratic presidential convention.

Lawrence B. Lindemer of Lansing, Mich., said he had come to Milwaukee to start organizing a committee of Republicans for the New York governor.

In Little Nine Winneconne Wins First In Forensics Contest

Winneconne High School took neconne: Neil Lorge, Bear top honors in the Little Nine Creek: Jack Francar, Winneconne: sub-district forensic contest; Mary Lettermann, Den- Thursday at Hortonville High mark.

School, Denmark and Hortonville tied for second place and Freedom ranked third in the 10-event meet.

Students receiving "A" rating will participate in the District Contest April 4 at Oshkosh.

Top ratings went to the following students: Judy LaBelle, Winneconne; John Lammers, Shiocton; Dick Schlamm, Hortonville; Dan Raehl, Winneconne; Barbara Tickler, Shiocton; Judy Denor, Reedsville; Lynn Freund, Hilbert; Donna Romanesko, Freedom; Mary Darenne, Denmark; June Zipper, Reedsville; Barbara Rohloff, Hortonville; Mary Alice Swenson, Winneconne.

Three Accidents Cause More Than \$100 Damages

More than \$100 damage each resulted in three Appleton accidents Friday and today.

An auto driven by Mary J. VanHout, 45, route 4, Appleton, collided with a car driven by Gerald J. Mikkelsen, 20, 2629 N. Williams St., at 1:05 a.m. to the intersection of College Avenue and Superior Street.

Blaze Near Sherwood Causes Damages Estimated at \$1,500

SHERWOOD—A fire in the Gerry Wilems home west of here Friday caused an estimated \$1,500 damage, according to Fire Chief Norbert Holzschuh.

The Town of Harrison No. 1 volunteer fire department was alerted at 1:30 p.m. Friday and spent one and one-half hours fighting the fire. The Wilems home is one mile west of Sherwood on State 114 and 55.

Anti-Cancer Chemicals Medical Society Topic

Use of chemicals to combat cancer will be the program topic for the March meeting of the Outagamie County Medical Society.

The society will meet jointly with "pharmacists at 6:30 p.m. from MM to State 54, TT from Thursday at Alex's Manor Hortonville to U.S. 10 and from House.

Rain Is Forecast Tonight for the northern and central Atlantic coastal regions, and showers for the south Atlantic coast and the Ohio Valley. Snow flurries are indicated for the upper Great Lakes, upper Mississippi Valley and parts of the central and northern plateaus. It will be colder in the central part of the country and middle Atlantic coastal states, and warmer over most of the rest of the nation. (AP Wirephoto Map)

Paper, Plastic Soda Straws Make Indoor Jackstraws

BY CAPPY DICK

Paper or plastic soda straws, especially the colored ones, make excellent jackstraws. In fact, I believe it takes more skill to pull a soda straw from a pile without moving another straw than it does to play the game with regular jackstraws.

Make up a score sheet for the various colors of straws you use in the game. For example, let pink straws count for 50 points; blue ones, 30 points; green ones, 20; yellow, 10; and white straws, five points.

A player picks up all the straws in one hand and drops them on the table from a given height, such as 12 inches. Then he proceeds to remove as many straws as possible from the pile without causing any other straws to move even slightly. If any straws fall away from the pile so they are not touching others, those are the ones he removes first. Then he goes to work on the pile itself.

Whenever a player causes a straw to move, he must return it to the pile and it becomes the next player's turn.

The first player to score 200 points wins the game.

If you have only plain, white straws, let each straw count for 10 points and play the game the same way.

Look and Learn

Do we know what moves men? Yes — No —

Yes, say some psychologists. Man is motivated by his wants and his fears. He acts mainly to get what he wants but does not have. Or he is moved to avoid what he fears or dislikes. This fact, even if true, does not tell us very much. We still have to determine what a man wants and why, and what he fears. Most of the studies of motivation are attempts to find the answers to this question. Your ability to get along with others may depend upon how well you understand the wants and fears of others. Need \$5,994 to Alter Annex to Courthouse

Expenditure to be Requested Tuesday Of Winnebago Board

OSHKOSH — Expenditure of \$5,994 will be asked of the Winnebago County board Tuesday for work to be done at the courthouse annex to bring the building up to code for use for public offices.

Bids for the work were opened Friday afternoon by the public building committee. The low bid of \$4,994 was submitted by Ed Tesch of Oshkosh. To this amount will be added a \$600 contingency figure and \$400 for architect's fees.

The three other bids ranged up to \$6,862. Work to be done includes removing the present stairway to the first and second

floors and replacing it with one which will meet the code. This stairway also will be enclosed with one-hour fire resistive material.

The boiler room also will be sealed off with one-hour fire resistive material and changes will be made to the washrooms to meet code requirements.

The third floor of the annex, the former Geer-Murray Co. building on Algoma Boulevard, will not be used and an exterior fire escape will not be added. Necessary changes will be made to the front door and a new door will be added at the rear.

The committee also is recommending a change in the purchasing procedure for equipment, furniture and fixtures. The suggested change would be to have a courthouse equipment outlay fund which would be administered by the public building committee rather than have the individual department budgets include the purchase costs.

The Holy Name Society of St. Gabriel's Catholic Church, Neenah, entertained the Girl Scout troops at a breakfast on Sunday, in the school cafeteria. Miss Ann Bishop, Girl Scout field director from Appleton was the guest speaker. Shown from left are Miss Bishop, Ray Gischia, president of the Holy Name Society; Diane Zorofski, Mrs. William Schroeder, leader, Peggy Gehr and Mary Schierl.

Girl Scout Week Activities

Bicycle License Sale Planned

Neenah Police Will Give Safety Talks To School Children

NEENAH—Parents of Neenah grade and junior high school students who ride bicycles were reminded today to have ready the bicycle's serial number, make, color and type (boy's or girl's) next week.

Members of the Neenah police department will be at the various Neenah schools and area schools at which Neenah students are enrolled during the week to present a safety talk on bicycle riding and to sell licenses. The policemen will distribute slips for the children to have filled out at home.

These slips will list the name, address and telephone number of the owner, and type, serial number, color and make of the bicycle. The student will return the slips after school when the license sale is held. The sale at the individual schools will be mainly on the same day of the safety talks.

The license, which are reflectorized and good for 1969-65, will cost 50 cents each. Any students who do not purchase licenses at the assigned time at their school will be required to purchase them during Easter vacation at the police department.

Adults and high school students also may purchase licenses during this time, from 9 a.m. to 4 p.m. March 23 to 28.

\$200 Damage Caused In Menasha Mishap

MENASHA—Close to \$200 in damage was caused at 11 p.m. Friday when a car driven by Ann S. Konop, 957 Baldwin St., Neenah, was struck from behind by a car driven by Raymond J. Elmer, 26, 118 Law St., Neenah, as it was being backed into a parking stall on Main Street here.

Mrs. Konop suffered possible \$4,000 bond. The checks were whiplash injuries in the mishap.

Man Arraigned on Bad Check Charges

OSHKOSH — J. D. Miller, 329 Zemlock Ave., Neenah, Friday afternoon was arraigned on four worthless check charges. County Judge James V. Sittler set further proceedings for Wednesday at 10 a.m. to permit Miller to secure legal counsel.

The alleged four worthless checks totaled \$50 and were cashed at a Neenah supermarket in October and November. Miller was jailed in default of

A Father-Daughter Banquet was held by the Girl Scouts of St. Patrick's Catholic Church, Menasha, on Thursday evening in the school cafeteria. In the foreground, Elizabeth Bradish, a Brownie, is showing her

father, Ray, a doll dressed in a foreign scout uniform. In the rear, Linda Jacobs, a Cadette, is serving her father, Don, on the left, and George Nelson with his daughter Monica, a Junior, on the right.

Youthful Voices Were Raised in song at the 1964 Neenah-Menasha Catholic grade school music festival, held this week at Menasha St. Mary's. More than 425 sixth grade boys and girls from the five Catholic parochial schools of Neenah-Menasha participated. Above is a section of the Menasha St. John group, directed by Sister Anne Rose, S. S. J. Below Sister M. Verna, C. S. F., directs the Neenah St. Gabriel group. At the left is a section of the Neenah St. Margaret Mary group, directed by Sister Miriam, H. F. N. Arrest Menasha Man Who Attempted Suicide After Losing Girl

MENASHA—A Menasha man, who apparently tried to hang himself because he couldn't live

without his girl friend is in Winnebago County Jail today after being arrested by police early this morning.

The man was found hanging by a cord in the doorway of his apartment by his landlady, who told police the man kicked out

the glass of the transom and called her before the apparent suicide attempt.

He told police someone attempted to choke him but finally admitted the suicide attempt. Police said it is not his first attempt. His girl friend stopped him when he attempts suicide.

two other attempts recently.

He is reported to have told his girl friend he cannot live without her and would hang himself for her.

Police said the man, who was not identified, always makes sure someone is around to stop him when he attempts suicide.

Six Men Nominated in Winneconne Caucus

WINNECONNE—Six officials have been nominated for office in the annual Winneconne Village caucus.

They are Thomas Henry and

Allen Arthur, renominated for trustee; Dr. W. T. Disch and Orville Hinz, new nominees for trustee; Clarence Heath, renominated for police justice and George Carow, nominated to run against Heath in the April 7 election.

The President and the General met Friday in Washington's Walter Reed Army Hospital, where Gen. Douglas MacArthur is recuperating from major surgery. President Johnson visited Gen. MacArthur before going on a flight to inspect flood conditions in the Ohio River Valley. (AP Wirephoto)

Parts of Five States Put In Flood Disaster Area

Security Council's Warning Acts to Ease Cyprus Crisis

1,150 Canadian Soldiers Due On Island Within Two Weeks

BY WILLIAM N. OATIS
(AP)—The Cyprus crisis eased today after the Security Council had met Turkey's invasion threat with a hands-off warning, and Canada had sped a peace-keeping vanguard toward the island.

The council responded with a unanimous resolution urging all the 11-nation council moved swiftly Friday night after Turkey had threatened to send in troops and the Greek Cypriot government had retorted that Greek intervention would mean war.

Meeting in emergency session the council moved swiftly Friday night after Turkey had threatened to send in troops and the Greek Cypriot government had retorted that Greek intervention would mean war.

Canada dispatched a plane-load of officers toward the troubled eastern Mediterranean island as an advance party for 1,150 Canadian soldiers expected there within two weeks. The vanguard was due on Cyprus today.

FBI Seeking Fourth Man in Train Bombings

3 Suspects Seized As Result of 'Good, Educated Guess'

FORT PIERCE, Fla. (AP)—The FBI looked today for a fourth man — and perhaps others — in connection with the bombing of Florida East Coast Railway freight trains that are running despite a strike.

Three former employees have been arrested. Two were charged with trying to blow up a train with Thursday night. The third was charged with conspiracy.

Agents refused to comment on their investigation but one said, "At least we're getting a few breaks."

Johnson Promises Quick Federal Aid to Victims Of Ohio River Rampage

BY FRANK CORMIER
WASHINGTON (AP)—President Johnson will designate parts of five states in the flood-stricken Ohio River Valley as major disaster areas.

The action, possibly today, follows a pledge the President made Friday at Cincinnati—the final stop on his five-hour, dramatic inspection trip—that "no one will be left in need" in speeding aid to victims of the worst Ohio River flood since 1945.

Johnson did nothing to dispel the implications when he made a 15-minute, campaign-style handshaking and autographing foray into the airport waiting room at Cincinnati, where hundreds of people were waiting.

Shakeup Seen In Vietnamese Armed Forces

More Efficiency in Government Also Under Consideration

BY FRED S. HOFFMAN
WASHINGTON (AP)—A reorganization of South Viet Nam's armed forces and development of an administrative corps to run the government more efficiently may result from Secretary of Defense Robert S. McNamara's mission, informed sources indicated today.

There also could be an increase in the size of the South Vietnamese armed forces and a heavier flow of U.S. supplies to help Maj. Gen. Nguyen Khanh, the premier, try to clean out and hold areas now Communist-infested.

The consensus of the McNamara mission was that the situation in South Viet Nam is serious but not hopeless and that the Communist onslaught has leveled off since a sharp upturn after the January coup.

President Johnson has not made any decisions on how far to go on recommendations by McNamara and his mission, sent by Johnson to survey the situation in South Viet Nam in the wake of the Khanh coup.

McNamara, Gen. Maxwell D. Turn to Page 8, Col. 4

Jurors Start to Deliberate On Ruby as Oswald's Killer

Defense Attorneys Say They Are Expecting Early Verdict

BY RELMAN MORIN
DALLAS, Tex. (AP)—Jack Ruby's fate, life or death, was placed in the hands of the jury in his murder trial at 1:05 a.m. today, and his attorneys said they expect a speedy verdict.

Ruby sat through five hours of arguments Friday night, un-moved and with a face like a mask.

Ruby killed Lee Harvey Oswald in the Dallas police station Nov. 24. Oswald was accused of assassinating President John F. Kennedy. Ruby's defense is temporary insanity.

When Judge Joe B. Brown told the jury to retire, he said, "I presume you will want to begin deliberations in the morning."

Jury Fixes Penalty
Most of the jurors nodded in the affirmative. The judge instructed the eight men and four women to elect a foreman, begin deliberations and "then write your verdict on the forms provided for that purpose."

In Texas, the jury not only determines guilt or innocence; it also fixes the extent of the penalty.

Ruby faces death in the electric chair if the jurors decide on the maximum penalty.

Possible Penalties
Four prosecution attorneys in the long, grinding night session, asked for the death penalty. The other possible sentences

Youth Dies in Waupaca Crash

Jerome Wrolstad, 20, Thrown From Car North of Iola

WAUPACA—Jerome H. Wrolstad, 20, route 1, Iola, died of a skull fracture at about 1:15 a.m. today after his car skidded off the road and rolled over.

Wrolstad, who was alone, was driving east when his car skidded off the road and rolled over into a ditch. He was thrown about 50 feet from the car. Dr. Jerry Salan, Waupaca, deputy coroner, said Wrolstad died almost instantly of his injuries.

The body was taken to Voies Funeral Home, Iola.

The death of a man on a highway in Crawford County has raised the Wisconsin traffic toll for the year to 175, compared with 117 at this time a year ago.

Ole Sorenson, 68, of Mount Sterling, was killed Friday night when he was struck by an auto on Highway 35 about one mile south of Ferryville. The motorist told authorities he could not see Sorenson because he was blinded by the lights of oncoming automobiles.

Land Reform May Result In Violence

RIO DE JANEIRO, Brazil (AP)—Brazilians anticipated a possible fierce reaction today to a controversial land reform decree expropriating land from hundreds of thousands of landless peasants.

Many feared the decree signed by President Joao Goulart Friday night would set off land invasions by the impoverished peasants. Landowners have vowed to turn them back with bullets.

In Sao Paulo state, Adhemar de Barros said he would use his 40,000-man police force to prevent any government seizure of land.

Goulart also signed an executive decree expropriating the seven remaining privately owned oil refineries. The state Petrobras oil monopoly was ordered to take over the refineries within 30 days by "friendly negotiations or by judicial action using its own resources."

After signing the decrees at the presidential palace, Goulart addressed a cheering throng of 200,000 workers and farmers in Republic Square and described the land decree as the "first step for the solution of Brazil's agrarian problem." He promised to begin dividing up the expropriated lands within 60 days.

The decree calls for the expropriation of unused lots of land larger than 1,235 acres up to six miles on either side of federal roads, railroads and waterways.

Goulart told the crowd Gen. Douglas MacArthur used this method in carrying out land reform during the U.S. occupation of Japan, and added "nobody can call this great American general a Communist or subversive."

French in Gabon Want Americans To Quit Country

LIBREVILLE, Gabon (AP)—A "U.S. go home" campaign is spreading among the French community of this thriving West African nation, where 250 Americans live.

A grenade and shotgun attack on the U.S. Embassy building last week was meant to warn Americans to get out.

No culprits have been found. French Embassy officials say more attacks are possible by angry Frenchmen.

Rumors alleging American backing of a recent abortive coup against President Leon M'ba have given rise to the tension among Gabon's 6,000 French residents.

Electrocuted in Crane Accident

MADISON (AP)—Kenneth E. Billings, 22, an airman second class, was electrocuted Friday when the boom of a crane he was operating contacted a 30,000-volt electric line at Trux Air Force Base.

Billings, of Bowdoinham, Maine, was using the crane to attach a new rope to a flagpole at the Army Reserve building at the field.

Sgt. Ralph E. Williams of Madison, who was in a basket on the end of the boom, was stranded for 30 minutes until rescued by the Madison fire department. He was not injured.

Gen. Clark to Quit as The Citadel's President

CHARLESTON, S.C. (AP)—Gen. Mark W. Clark, 68, announced Friday he will retire as president of The Citadel, South Carolina's four-year military college.

Gen. Clark, who led the U.S. 5th Army in Italy during World War II, said he was retiring for "reasons of rest and recreation" and because of the poor health of his wife. After his retirement the Clarks will live in Charleston.

Musical Instruments Stolen From Orphans

CLEVELAND, Ohio (AP)—It was to be a big day for the wee folk.

Only once a year do the little ones get off from school to march down Euclid Avenue in the St. Patrick's Day parade.

But burglars have silenced the practice sessions of "Danny Boy," and "Wearing of the Green" for the 40-member band, whose members are orphans or from broken homes.

Stolen Thursday night from the band room at Parmadale Children's Village of St. Vincent, de Paul in suburban Parma were 8 saxophones, 2 clarinets, 6 trombones and 2 trumpets. Without them the band cannot play.

Terrorists Set Off Bombs in Colombia

BOGOTA, Colombia (AP)—Terrorist bombs exploded in scattered Colombian cities Friday night but caused little or no damage. No one was killed.

Contest in California

Goldwater and Rockefeller Make Social Security Big GOP Issue

WASHINGTON (AP)—California, where many senior citizens live, is the scene of a new and firm supporter of Social Security.

Goldwater-Rockefeller talking match over Social Security.

Sharp words flew over the issue in the New Hampshire GOP presidential primary campaign. Goldwater and Rockefeller are flying again in California.

When Sen. Barry Goldwater of Arizona suggested in New Hampshire that Social Security should be made voluntary — in place of the present compulsory taxation of workers and employers — Gov. Nelson A. Rockefeller of New York hit back quickly.

"Back to Poorhouse"

He said Goldwater's idea would bankrupt the system and "take us right back to the poorhouse" conception of relief.

Rockefeller kept peppering away, and Goldwater kept explaining. He denied he wanted to end Social Security; he said his aim is to improve it. The

night before the balloting he California than, for example, in New England.

The 1950 census showed that 28 per cent of California's population of 15,717,204 was 65 years of age or older. But 11.2 per cent of New Hampshire's 606,921 people were in this age bracket.

For the country as a whole the percentage of population 65 or older was 9.2 in 1950.

Better Deal Privately

Goldwater's leanings toward a voluntary plan antedate the New Hampshire primary. In radio-television interviews last spring, for example, he predicted an eventual "revolt" among working people against increasing taxation for Social Security.

If proposed health care for the aged is added to gradual increases in taxes already slated, he said, it "means that by 1970 an individual could take the money that he and his employer spend on Social Security and buy twice as good a policy to

Pilots, Friends Since World War II, Killed In Separate Crashes

ALAMEDA, Calif. (AP)—A friendship which began during World War II came to a violent end in winter snow.

Henry Norris and Irwin Zadwick were pilots and became buddies. After the war they shared flying jobs and were roommates in Alameda.

Norris was the pilot of the Paradise Airlines plane which crashed into Genoa Peak, Nev., in a blinding snowstorm March 1, killing all 85 persons aboard.

Last Sunday Zadwick was an escort at Norris' funeral. He assured Norris' parents he would return Monday or Tuesday to visit them.

Tuesday, Zadwick was piloting a cargo plane approaching Boston's Logan International Airport in sleet and snow.

The four-engine freighter crashed into Castle Island in Boston Harbor.

Zadwick was killed nine days after his buddy had died in another snowstorm across the continent.

Volcanic Eruption on Unimak in Aleutians

ANCHORAGE, Alaska (AP)—A major new volcanic eruption was reported late Friday on Unimak Island in the Aleutian chain, with a two-mile river of lava flowing from the mouth of the crater and debris hurled 2,000 feet into the air.

The lava flow and spewing debris was reported by a Coast Guard plane flying a low-level survey about five miles east of the westward peak, on Pogromni Volcano at the west end of Unimak.

Mexico Set to Greet De Gaulle

MEXICO CITY (AP)—Preparations for the arrival of French President Charles de Gaulle on Monday moved at a feverish pace today.

Newspapers extolled De Gaulle as a great statesman, poster-size portraits of the French leader were hung along the capital's major boulevards, and television played the French national anthem.

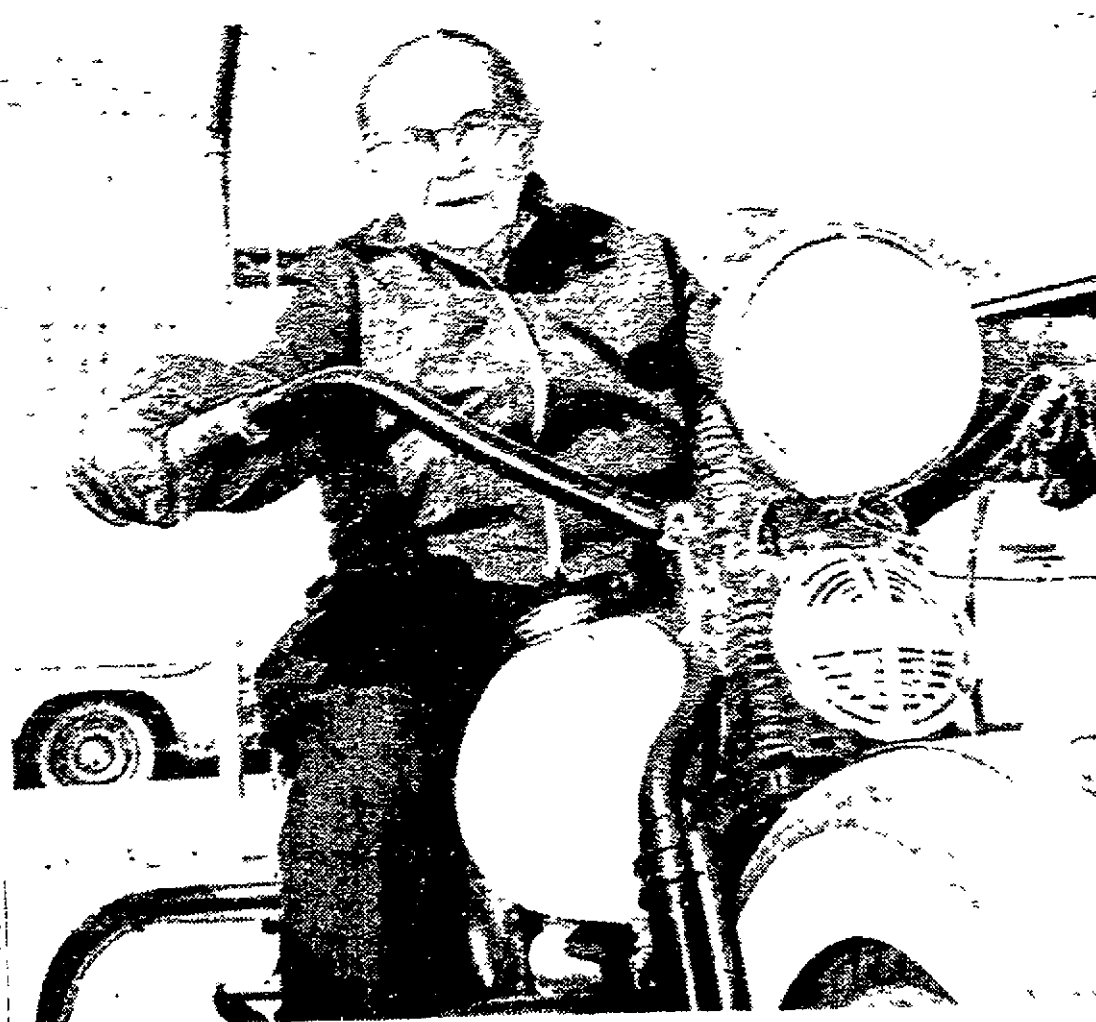

The government ordered the tightest security measures ever imposed on the capital, and the gris was reported by a Coast Guard plane flying a low-level survey about five miles east of the westward peak, on Pogromni Volcano at the west end of Unimak.

'Fair and Warmer' On Tap for Sunday

Fox Cities — Mostly cloudy, colder today. Clearing and colder tonight Sunday mostly fair and a little warmer. High today around 40 extreme northwest, 50s southeast. Low tonight mostly in the 20s.

Appleton — Observations at 10 a.m. today: Temperatures in the 24-hour period: High 45, low 37. Wind velocity: 20 to 22 mph from the west. Barometer: 29.57 and rising. Relative humidity: 84 per cent. Dew Point: 36. Temperature: 40. Skies: Clear. Precipitation: None.

Sun sets today at 5:59 p.m., rises Sunday at 6:06 a.m.

Excused From Jury Duty in Phoenix, Ariz., Thursday was Mrs. Edith Dorman, 77, when she appeared in court in slacks. By tradition, she had to be in a dress to appear. Mrs. Dorman's reason was that she'd look "a little queer" driving her motorcycle, her only means of transportation, in a dress. (AP Wirephoto)

Friend Would Do Real Favor by Advising Girl on Appearance

BY ANN LANDERS

DEAR ANN LANDERS: I am a 15-year-old girl who needs your help. A family moved to this neighborhood about three weeks ago. They have a daughter my age. I will call her Brenda. My mother says Brenda looks like a tramp. I agree that my mother is part-way right. Brenda wears a monster hair-do and piles on the make up. But this is just poor taste and has nothing to do with her morals. Brenda is actually one of the nicest girls I have ever known. If mother got to know Brenda better she would like her. Don't you think it is unfair of my mother to judge my friend from her outward appearance?—Defender

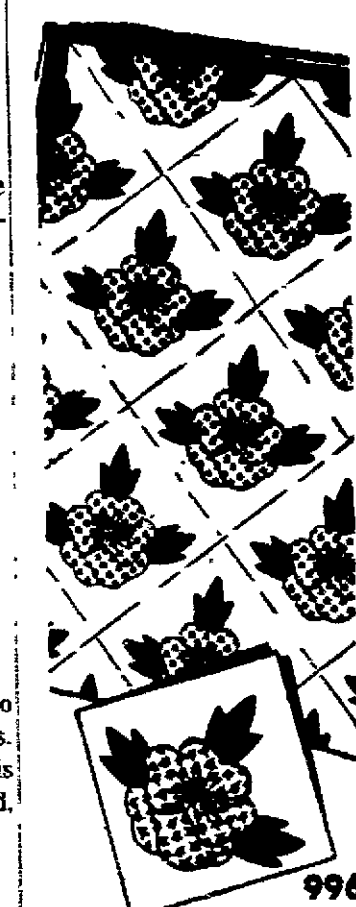

trip.) Then do it and send me a post card. DEAR ANN LANDERS: What do you think of people who call on the telephone and start the conversation like this: "Well, it's about time. I've been trying to get your line for over an hour." Or — "My but you have a busy telephone. This is the fifth time I've tried to reach you and your line has been tied up." I always get the uncomfortable feeling that I must tell the caller to whom I have been speaking. When I give out the information I become annoyed with myself. After all, it's really nobody's business and I shouldn't have to make any apologies. My irritation is reflected in the tone of voice I use throughout the conversation and this makes me mad, too. Please deal with this problem in the column. I am sure others are plagued, too.—A.K.W.

Dear A.K.W.: A busy signal can be frustrating and even maddening after a while. But the mature person copes with the frustration and doesn't get ugly with his friends. Keep this simple answer by the phone and use when needed. "Yes, I certainly am long-winded. I guess I have no terminal facility. . . . Beyond hope, you might say."

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope. (Copyright, 1964)

It's simple — order our Spring-Summer Catalog including FREE COUPON to get any one of 250 design ideas. Send 50 cents today.

Parents' World

Don't Punish Child for Refusal to Eat Some Foods

BY DR. EVE JONES

Dear Dr. Jones: My six-year-old boy won't eat ground meat in any form, and as for vegetables, he'll only eat a raw carrot, lettuce, and sliced tomatoes. We tried sending him to his room without dinner for a week, and he was so delighted to get out of Dr. Jones' eating. I tried punishing him by keeping him indoors the next day, and it didn't bother him a bit, but it drove me wild. Forcing him to eat only led to his vomiting. Ignoring the whole bit and letting him help himself led to his having no vegetables at all for three weeks. It's to the point where he worries about supper early in the day and starts whimpering as soon as we start eating. He has me at my wits' end and it's been going on for five years, so I know it isn't a phase he's going through. What should I do?

MRS. C. B.

Stop all punishment, immediately! And try to relax. Don't cater to him especially, but on the nights you make ground meat dishes he hasn't learned to enjoy, make sure there's plenty of raw salad and bread and butter for him. When you serve vegetables he doesn't like, also serve meat that isn't ground. Reassure him that you won't serve a meal of disliked foods, so he'll be able to relax and look forward to supper, and you'll be able to stop driving yourself mad.

He seems to like to bite and chew vigorously. This is probably just a personal characteristic and nothing to worry about so long as you help him develop a health emotional at-

titude toward all foods. It's his business to decide how much or how little he wants to eat at a given meal, but he must take one swallow of everything served so he can learn to appreciate new tastes and textures. Once he's confident you won't insist he take more than one swallow, he won't have to raise such a fuss. Eventually, he'll probably decide he can tolerate cooked vegetables and an occasional meat loaf or hamburger.

Dear Dr. Jones: I have a three and one-half year old child who has played alone until now that the weather is better. She's very bossy with the children she sees now. When they refuse to do what she wants, or if they want to go home or go play with somebody else she comes to me crying. "Mommy, the kids don't like me." I tell her they would play more with her if she weren't so bossy, but she can't get along with them or bear to share her toys. How can I help her?

MRS. T. C.

See 17 Distinctive New Homes . . . Visit the 1964 Parade of Homes

OPEN TODAY 1 TO 9 P.M.

Rogers Ave., Kimberly

This large, three-bedroom dwelling has a full basement, oak trim and oak doors. The spacious kitchen boasts a built-in oven and range.

Built by Van's Construction Co.

Mohawk Drive, Appleton

This luxurious ranch has a charming interior with distinctive styling. Over 1250 square feet of living area are designed to allow ease of movement from one room to another. A 23 foot living room, three bedrooms — two with carpeting, and an abundance of closet space highlight this home. Also featured is the "all new" fiberglass front door.

Built by Leon Fischer, Inc.

Rogers Ave., Kimberly

The new look outside with the rough stone, rough cedar siding with battens and a large Bow Window. Attractive and functional inside. Three bedrooms with semi-formal dining area which is brightened up with oak paneling and wallpaper. Latest styled ceramic entrance and bath floors. Ceramic around tub, oak finish with vinyl and oak floors. 3 bedroom, stone front rancher with semi-formal dining area. Roomy well planned and colorful. Oak finish, divided poured basement and many extras.

Built by B & B Construction Co., Inc.

Mohawk Drive, Appleton

This is an inviting house that your entire family will enjoy living in. Note the cozy fireplace in the all-purpose room and the eating area in the conveniently designed kitchen. Combine all this with a gracious living and dining area, plus the three spacious bedrooms, 1 1/2 baths, full basement gas heat and you have a wonderful home.

Built by Arthur Gilbert

Mohawk Drive, Appleton

This is the home for the truly discriminating family — From the entry hall with two wardrobe closets, open stair and authentic Colonial styling, a step from the luxurious living room which is separated from the formal dining room by louvered doors, to the wife-pleasing kitchen, the powder room and family room with fireplace on the first floor, on to the second floor with 4 bedrooms and full bath, the master bedroom has double wardrobe closets, full basement — divided, attached 2 car garage which is completely finished.

Built by Harry Barkholtz, Jr.

Mohawk Street, Appleton

This 4-bedroom ranch-style home has 1 1/2 baths and contains 1560 sq. feet of space, plus heated garage and carpeted living room. All doors, cabinets and trim are of oak. Included are a stone fireplace and aluminum siding with part rough cedar and part weather edge stone front.

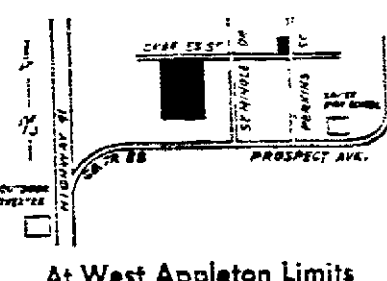

Built by Merle G. Wendt

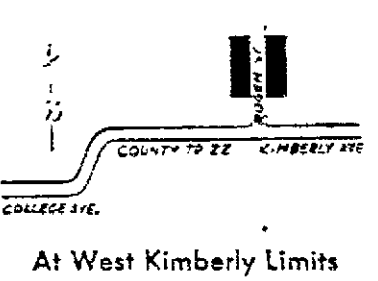

Rogers Ave., Kimberly

Warm and attractive, that's what you will say about the "Destiny." From the rustic brick exterior to the step-saving kitchen. For your pleasure there is a large family dining area and a room for family entertainment. Powder room serves rear entrance. For sleeping comfort there are 3 spacious bedrooms with closets. Bathroom with shower and vanity, garage.

New Invention May Revolutionize Ratings

Trucks Equipped With Sensitive Antennas
Sample TV Viewing While Street Cruising

BY RALPH DIGHTON
HOLLYWOOD (AP)—Discovery of a new way of counting how many sets are turned to what television shows could revolutionize the controversial program-rating industry.

Shelnwold Choose Plan by Comparing

BY ALFRED SHEINWOLD
Some of the most difficult hands look very simple on the surface. You think you have no problem until suddenly you find that you have no chance.

selected viewers and recorders attached to sets.

James L. Tanner, who with his brother, Thomas, and his father, Charles operates a small electronics company in suburban Wilmington, says negotiations are under way to sell the survey system to a program rating company.

Samplings Now
Current rating systems, frequently the deciding factor in whether a show stays on the air, have been criticized because they are based on samplings from a few hundred so-called representative homes.

Tanner says his system can sample thousands and that no viewer will know he is being sampled.

He figures the cost will run \$10,000 to \$15,000 per truck, depending on the number of trucks purchased.

Called Accurate
One of the few outsiders who has seen the device, Frank Champion of ABC Television's transmission engineering department, says "I haven't felt so strongly about anything since the advent of video-tape. There is no question about it working—it is very accurate."

The device works on the principle that each home television set is in a sense a transmitter as well as a receiver. The signal the set picks up from the broadcast station is converted into a beam of electrons that activate the screen in the tube.

The make-up of this beam differs according to the program. The revolving antenna on the truck is so sensitive that it can pick up scattered signals from the beam of electrons at a distance of 100 feet or more, Tanner says.

By electronically comparing signals given off by the set with signals transmitted from the station the device instantly identifies the channel to which the set is tuned.

Television sets in an apartment house are just as easy for the device, called a comparator, to read as one set in a residence, Tanner says, because it makes its identification in seconds.

Tanner said one truck can count 106 sets a minute cruising at 15 miles an hour. Fifty trucks, he said, can survey 160,000 sets in 30 minutes.

Carmel Quinn In Demand for St. Pat's Day

NEW YORK (AP)—Mid-March is the busiest time of the year for a pretty, red-haired young singer — Carmel Quinn, once of Dublin and now a Leona, N.J., housewife and mother.

She has established the relationship to St. Patrick's Day that Lucy Monroe once had to "The Star Spangled Banner."

"We—I—get literally hundreds of invitations to appear on the great day," said Miss Quinn, in a brogue untouched by American inflection. "Some of the biggest clubs of the country want me for the whole week and there are always special affairs in honor of the Saint."

Although all television variety shows to be seen around the Irish holiday automatically are colored green and sing of leprechauns and shamrocks, Miss Quinn will be visible only on one: Ed Sullivan's program Sunday night.

On great day itself, next Tuesday, she will be singing some Irish songs on Arthur Godfrey's morning radio show. This is as it should be: she was launched on her career as a contestant on Godfrey's old "Talent Scouts" television program.

Partner opens with one heart, and the next player passes. You hold: S A 9 8 4 3 H 10 9 5 2 D K 7 C 5 2. What do you say?

Answer: Bid two hearts. If you bid one spade, you will have to show the heart support also, yet the hand is really worth only one unforced response. When you have the values for only one response, raise your partner's major suit.

For Sheinwold's 36-page booklet, "A Pocket Guide to Bridge," send 50 cents to Bridge Book, Box 3318, Grand Central Station, New York 17, N.Y.

To Your Good Health

Heart Failure Isn't Sudden as Attack

BY JOSEPH G. MOLNER, M.D., former place of residence in New York. We have been warned difference between a heart at- tacked that after living here for a Reginald Gardiner? GEORGE Raft tries to find out. (COLOR)

Dear Dr. Molner: What is the difference between a heart at- tacked that after living here for a Reginald Gardiner? GEORGE Raft tries to find out. (COLOR)

Let's compare the heart to a water pump which is operated by an electric motor.

The heart muscle is the "motor." If you cut off the current to the motor — blow a fuse, or burn out the brushes, or whatever — the pump stops. So does the flow of water.

That's a "heart attack." Clogging of an artery has shut off the blood supply (or part of it) to the heart muscle.

A very severe heart attack can, of course, be fatal. Lesser ones are not. Presidents Eisenhower and Johnson are two of the many examples of people who have had heart attacks and recovered to live vigorous, useful lives.

A heart attack is sudden — just as shutting off the electricity that runs the water pump, is sudden.

Heart failure is quite a different matter. Let's compare it to the washers or valves in a pump becoming worn and leaky.

(Actually, other conditions can be at fault, either in the heart or in the pump.)

"Pump" Affected
Anyway, the "pump" rather than the "motor" is affected. A leaky valve means that less blood (water, or blood, depending on which simile you have in mind) is pumped with each stroke, or each heartbeat. So the pump has to work harder to maintain the same flow.

That is "heart failure." Heart failure, unlike a heart attack, is not sudden. It develops gradually, becoming worse and worse. Nobody lives forever, of course, but the person with "heart failure," or a defective heart, can live for many years if he takes the trouble to keep his heart from having to work needlessly hard.

Again, it's like a water pump. If the pump is defective, take care to use as little water as possible. Or use water gradually.

Don't subject the pump to the strain of trying to run full speed all the time. Spread the load.

It is the same with "heart failure." Heart failure doesn't mean a sudden stop. It means the heart has to be babied along and not overworked. Proper treatment strengthens the heart muscle and increases its efficiency. Thus heart failure may be temporary and eventually corrected.

With a water pump, we overhaul the pump or get a new one. With a heart, we can go only so far in "overhauling" it, and can't trade it in for a new one.

But by understanding the situation, and behaving sensibly, and getting proper treatment, we can keep a "failing" heart going for many years.

The Papermakers' Chuck Meyer (50) and Menasha's Mark Pawlowski, center, jockey for position under the backboards at the Neenah gym Friday night. At left is the Bluejays' Don Steffin, while Dennis Kroner of Kimberly sets himself at right. Kimberly won, 52-47. (Post-Crescent Photo)

Kimberly, Manitowoc Will Clash Tonight for Berth in State Meet

Papermakers Rally in Final Quarter to Score 52-47 Win Over Menasha's Bluejays

BY JOHN L. PAUSTIAN
Post-Crescent Sports Editor

NEENAH — Kimberly High School's Papermakers rallied stout-heartedly down the stretch here Friday night to beat Menasha, 52-47, in a titanic Neenah sectional basketball tournament game between the co-champions of the Mid-Eastern Conference.

The Papermakers, who won their 12th straight game by outscoring the Jays, 14-3, in the final 4 minutes, 12 seconds of play, bid for a state tournament berth tonight against defending state champion Manitowoc. The clash between the Papermakers (21-1) and the Ships (15-6) will take place after the 7 p.m. third-

place game between Menasha and Pulaski.

Menasha's poised ball-handlers and artistic defenders, who had erased a 9-point early game deficit, were in firm control of the game near the midpoint of the final quarter with a 44-38 lead. Without warning, the Papermakers broke free of their shackles with an scoring the Jays, 14-3, in the irresistible surge of aggressive final 4 minutes, 12 seconds of play, bid for a state tournament berth tonight against defending state champion Manitowoc. The clash between the Papermakers (21-1) and the Ships (15-6) will take place after the 7 p.m. third-

Starts Comeback

Jerry Wyngaard started the fateful comeback with a free throw that narrowed the deficit to 44-39 with 4:12 left in the game. Don Steffin, standout Menasha sophomore, fouled out six seconds later, and Jim Vandenberg used the opportunity to sink a foul shot and cut the Jays' lead to 44-40.

The excitement increased and the tumult from the huge turnout of more than 3,000 fans heightened as Gordon Zillges sank a corner shot. Kimberly trailed by only two.

Dennis Kroner popped in two free throws, creating a 44-42 tie with 2:50 remaining and pulling the Papermakers even for the first time since early in the third period.

Jim Walter, who played an excellent game as a Bluejay reserve, coined a free throw, and Menasha was ahead for the last time—45-44, with 2:29 to go. Both teams fought desperately for points and ball possession until Zillges capitalized on a Menasha foul to deadlock the count, 45-45, with 1:38 left.

Kroner, the smallest player to see action for the Papermakers, then came up with the biggest shot of the night. He arched through a jumper from the left corner with 1:24 remaining and Kimberly was ahead to stay.

Sinks Both Trics

The Jays lost the ball via a traveling violation with 1:06 left, and four seconds later their desperation press produced a foul that brought Chuck Meyer cool to the free throw line. Meyer cool-

Detroit's Fazio Leads \$31,000 New Jersey Open

PRINCETON, N.J. (AP) — Buzz Fazio of Detroit averaged 21 1/2 pins for 16 games Friday and led four bowlers into the final rounds of the \$31,000 New Jersey Open today.

Fazio won 11 of his 16 games and totaled 3,399 pins. A bonus Flynn led the rout with 19 of 50 pins for each winning points. Dodgeville, ranked second in the Big Sixteen, will game brought his over-all total to 8,978 for 40 games in three square off against eighth-ranked Monroe, an 81-47, victor over Belmont. Monroe has won 19 of 22 outings.

Robert White Named as OSC Cage Mentor

Ohio Man Will Succeed Titans' Russ Young

OSHKOSH — Dr. Robert White, basketball coach at Columbus Ohio University High School for the last six years, has been named head coach at Oshkosh State College succeeding Russ Young. Young is continuing as head football coach at the college.

The announcement comes after White's high school team was defeated in Ohio Class A sectional tournament play Friday night.

In seven years of coaching, the 36-year-old White has compiled a 109-41 record and a 102-31 record at University High School, which is located on the Ohio State University campus. His team, nicknamed the "Little Buckeyes," posted a 23-2 mark this year, winning 23 straight after losing the season opener. Last year his team won 20 in a row before losing in district final.

White also served as head football and baseball and track coach at University High School. The school alternates spring sports. He coached at Fairborn, Ohio High School for one year as head basketball mentor and an assistant in football.

Young was head basketball coach at OSC for three years, winning the WSCC championship in 1963 and gaining a berth ship in the NAIA tournament at Kansas City, Mo. His teams won 24 Big Eight, Southern, Southeast, Southwest, Missouri Valley and the Skyline Six.

Merrill Tips Clintonville In Wausau Sectional, 66-62

Truckers Face Lena Quint in Consolation

WAUSAU — Clintonville High School, trailing for most of the game, put on a full court press and almost pulled out a berth in the Wausau sectional championship here Friday night, but Merrill High School came through on the strength of five free throws in the last 30 seconds to win, 66-62.

The Truckers will clash with Lena for the consolation championship tonight. Thorp handled Lena with ease, 78-54, to gain a sectional title match with the Merrill squad tonight.

Merrill led from about midway in the second quarter, and the Bluejays pulled ahead after Bill Melzer collected his third foul with 5:37 left in the second quarter.

Full Court Press
Clintonville threw a full court press during the last half, and the Truckers closed the gap to 49-47 at the end of the third period.

The Bluejay margin stayed at two when the count went to 51-49 early in the final frame, and Clintonville never got any closer.

Although the Truckers had the bonus rule going for them with five minutes left in the game, Merrill used the charity tosses.

Frank Howard 'Doubts' He'll Play This Season

Dodger Slugger in Green Bay With Personal Problems

GREEN BAY, Wis. (AP) — Frank Howard, the Los Angeles Dodgers' 6-foot-7 home run slugger, signed out of Ohio State for a \$108,000 bonus in 1958, may be forced to quit baseball at the age of 27 because of "personal problems."

Howard told The Associated Press Friday it would be "virtually impossible" for him to play this season.

"I doubt very much if I'll be able to play," the powerful young outfielder said after talking by phone with Dodger General Manager Buzzie Bavasi.

"I feel as if I've had it," Howard added. "Spring training

is well advanced and I'm so far out of shape both mentally and physically that it would be virtually impossible for me to play. To be honest with you, I haven't even thought of baseball."

Howard said he canceled Dodger's 6-foot-7 home run slugger plans to visit Bavasi at the Los Angeles training camp in Vero Beach, Fla., next week because "Buzzie and I talked about the situation and there isn't much else to say."

"I told him that the way I feel now, I'm not in a good frame of mind to play baseball and if I tried I would be doing more so to myself," he added.

Bavasi, a friend and a general manager. That's the way

Howard added. "Spring training

Robert White

nals and in 1961-62 they had a 20-3 record.

A native of New Concord, Ohio, White graduated from Muskingum College in New Concord in 1950 and completed work for his masters at Kent State in 1954. He received his doctorate in physical education from Ohio State in 1962.

White also served as head football and baseball and track coach at University High School. The school alternates spring sports. He coached at Fairborn, Ohio High School for one year as head basketball mentor and an assistant in football.

Young was head basketball coach at OSC for three years, winning the WSCC championship in 1963 and gaining a berth ship in the NAIA tournament at Kansas City, Mo. His teams won 24 Big Eight, Southern, Southeast, Southwest, Missouri Valley and the Skyline Six.

16 Teams Vie for Berths in Madison

Dodgeville Posts 22nd Straight Triumph; North Wins, 102-69

BY DAVE O'HARA
Associated Press Sports Writer

A classy field of 16, including 1963 champion Manitowoc, runner-up Dodgeville and five small schools hopeful of a shot at big opponents in the state meet, collide in showdowns tonight in the sectional finals of the Wisconsin High School Basketball Tournament.

Champions crowned at eight sites will advance to the state meet quarter-finals starting next Thursday at the University of Wisconsin Fieldhouse in Madison.

Dodgeville, the state's only undefeated team, posted its 22nd triumph by rolling over Soldiers Grove, 85-42 as Pat Flynn led the rout with 19 of 50 pins for each winning points. Dodgeville, ranked second in the Big Sixteen, will game brought his over-all total to 8,978 for 40 games in three square off against eighth-ranked Monroe, an 81-47, victor over Belmont. Monroe has won 19 of 22 outings.

Two Upsets
Only two upsets marked the sectional semifinals. Unheralded Elkhorn rallied from eight points behind and upset Racine.

Loyola, Kentucky Bow in NCAA Meet

Michigan, Unbeaten UCLA Win in Second Round Tilts

The Friday the 13th jinx struck the NCAA college basketball championship tournament in full force. Knocked out of the running were Chicago Loyola, the defending champion, Kentucky and Princeton. Unbeaten UCLA, Duke, San Francisco, Kansas State and Wichita survived in the other second round games and led the way into tonight's quarter-finals.

Knicks, Pistons Battle for Cellar in NBA

Each Wins 21st Game; Baylor and West Pace Lakers

BY THE ASSOCIATED PRESS You'd think the New York Knickerbockers would have enough of their own problems in the National Basketball Association without having to worry about the Detroit Pistons. But it's a fact that the Knicks are keeping a keen eye on Detroit and that New York brass is all smiles today after the tail-enders in the Western Division picked up their 21st victory of the season Friday night.

Detroit's 133-122 victory over the Philadelphia 76ers might be considered unimportant in most circles but it was anything but that to the Knicks. It gave Detroit the same number of victories as New York and that's mighty important to these two basement dwellers.

That's because the team with the least number of victories gets to choose first in the annual NBA draft of college stars and while the Knicks and Pistons are out of the two division races, they're both very much in the futility race. And in this one it's the loser who comes out ahead.

Don Ohl's 32 points and Bailey Howell's 25 helped the Pistons cause and kept New York alive in the race for the fewest victories.

On the West Coast, Jerry West hit for 38 points and Elgin Baylor got 35 as Los Angeles topped San Francisco 112-109. The defeat slashed the Warriors' Western Division margin to 1½ games over idle St. Louis.

Mary Lombardo Smacks 529 in Elks Ladies Loop

Mary Lombardo drilled a 529 series, including a 195 solo, to pace competition in the Elks Ladies 337 loop. No other honor scores were reported.

B & B's (423-26½) hold a half-game lead over Manhattan in team ranks.

Diane Arent used a powerful 236 single in recording a 509 set for the top efforts in the Four-for-Fun loop at Hahn's Lanes.

Shirley Sievert slammed a 211 game and 512 series to lead the Lucky Strike League at the 41 Bowl.

Central Engineering (55-23) leads Morning Glory and Vogue by 2½ games.

Rexall, Shamrock Tied for Lead in Volleyball League

KAUKAUNA — Rexall Drug and Shamrock Bar remained tied for first place with 8-1 records in the City Volleyball league as a result of games much in the City Teachers' Open last Thursday night. The Teachers' Open are one game off the pace.

Latest games saw Rexall tie the Teachers 17-15, 15-10, 13-15; Borg's lost to Hasbeens 15-5, 15-12; Kaukauna Hardware downed Rennie's 15-3, 15-8, 15-6, and Shamrock took the Rail-readers 18-20, 15-3, 15-2.

15th Annual Running 'Yankee' Dogs Steal Show at Alabama National Championship

BY DAVE DUFFEY Post-Crescent News Service

UNION SPRINGS, Ala.—Seeing is believing when it comes to the world's largest bird dog championship field trial, the National Shooting Dog Championship held the last eight days of February near Union Springs, Ala. on L. B. Maytag's Sedgefield's Plantation.

A total of 101 dogs were nominated to run and 86 actually took the field in the 15th annual running, which this year had the sanction of the Amateur Field Trial Clubs of America. The trial features the work of shooting dogs used on deep south plantations during the long (more than three months) liberal quail hunting seasons.

But this year the winner and runner-up, decided in an unprecedented third series, were both "Yankee" dogs. Wahoo Chief, owned by Perry Hill, Hillsdale, Mich., a six year old white and black pointer won the "run-off" and Smokepole a three year old white and orange pointer owned by Herb Holmes, Springfield, Ill., took runner-up honors. Both dogs were handled by their owners.

Work Extensively It would really be unfair to say that the dogs were "northern dogs," regardless of the residence of their owners. Both dogs had been run and worked extensively in the quail covets of the south, where a dog can get plenty of bird work and be properly conditioned to sustain an all out hunting race for an hour and a half heat. For field trial dogs, aren't allowed to loaf as a hunting dog is. They must put out all the way and be going strong at the end as well as

being lively at the start of the accurate count was impossible, but there were no less than 500 riders on the first Sunday and it may have reached 600. Virtually everyone who hunts birds (and birds mean only planned while the Army goes over his second Selective Service written examination. The first time he is drafted? "I'll cross that bridge when I come to it," the heavyweight champion said Friday afternoon relaxing on his living room sofa after taking the early-morning examination.

Also unbelievable are the numbers of mounted riders, on good horses, that follow the braves of dogs in this trial. An

Bruce Devlin Takes Lead In Tourney

ST. PETERSBURG, Fla. (AP)—Jack Nicklaus, the boy wonder of American golf, has uncovered a new talent—that of golf teaching.

His own performance in the \$25,000 St. Petersburg Open through the first two rounds was unspectacular. But two-days ago Nicklaus went to the practice green with Australian Bruce Devlin to attempt to diagnose Devlin's recent problems. They spent an hour there.

The 26-year-old Aussie fired an eight-under-par 64—one lone stroke above the Lakewood Country Club record—to take the 36-hole lead with a 133 Friday.

Nicklaus, meanwhile, shot a 69 which gave him 140—seven strokes behind Devlin.

Raymond Floyd, who went on from his victory in the St. Petersburg Open last year to become professional golfer's rookie of the year, matched Nicklaus' 69. But he was unhappy with it.

The North Carolinian said, "I just didn't play well. I played the (par) five holes badly." He was tied for second place at 137 with Bob Shave, who shot a second round 67.

The first round leaders faded. Bob Harrison shot a 71 for a two-round total of 138. Mike Krak had a 75 for a 142.

Frank Zamzow Fires 572 Set

Frank Zamzow fired a 572 points, including 11 straight free throws, to lead Reliance Print-series, including a 233 solo, to the pace in the Footbawlers of Green Bay to an 20-78 triumph over Murray's Merchants of Milwaukee in the St. Mylan Sinclair posted a 556 set. The Steelers (29-13) boast a John Class A tournament Friday night.

Colavito Signs With A's at \$4,000 Cut

Slugger Agrees to Pact After Debate With Owner Finley

The baseball exhibition grind may just be starting for most of the major league teams, but Charles O. Finley's forensic exhibitions have ground to a silent stop.

That seems as impossible as Southern senators running out of arguments against civil rights legislation, but it's ostensibly so—at least temporarily.

The Kansas City owner's latest dispute ended Friday with signing of Rocky Colavito, the slugger the Athletics acquired from Detroit in a winter trade.

The contract settlement came on the eve of the Athletics' first exhibition game against Pittsburgh, which was one of 11 scheduled for today.

Finley, the commuting debater from Chicago, said Colavito agreed to a salary of \$50,000, a \$4,000 cut from his 1963 high school wrestling medal to play with the Tigers.

The Athletics' boss, whose forensic prowess reached its peak against Kansas City government officials in the stadium dispute, said he outgued Colavito on a clause which would have given the 30-year-old outfielder an extra \$25,000 should he be traded during the year.

Colavito will be trying for a comeback with Kansas City. In fact Finley said, "We are expecting a great season out of Rocky and expect him to earn the comeback award of the year."

The 6-foot-3, 190-pounder hit 22 homers and batted in 91 runs last season. That marked the first time in six seasons he hadn't socked 35 or more home runs. The RBI total was his second lowest in six seasons.

While exhibition action in Florida was delayed until today, the Arizona-based teams continued their play Friday. Jack Sanford pitched six innings as San Francisco downed Cleveland 5-2, and Bob Dilliba's wild pitch allowed the winning run to score in the Chicago Cubs' 6-5 triumph over the Los Angeles Angels.

Colavito will be trying for a comeback with Kansas City. In fact Finley said, "We are expecting a great season out of Rocky and expect him to earn the comeback award of the year."

Eddie Cotton TKO's Persol

Seeks Shot at Title After Beating No. 2 Contender

NEW YORK (AP) — Eddie Cotton feels he's "opened the door a little wider" to a light heavyweight title fight with his 165-pound class and Al Anderson in the fourth round technical knockout of previously undefeated Johnny Persol.

The 37-year-old contender from Seattle, an 8-5 underdog, was avenged a split decision loss to New Yorker three weeks ago when he stopped his 23-year-old opponent with a fiery barrage of blows to the body and head at 2:37 of the fourth.

Persol, his back to the ropes night and a dazed look in his eyes, was sagging to the floor when referee Zack Clayton sprang in between the two and ended the fight.

But until the sudden flurry, it appeared as if the fast-moving quick hitting Persol was on his way to another victory over the old man of the 175-pound division.

"He's real fast and I had to set him up," explained the jubilant Cotton after the Friday night television fight at Madison Square Garden. "I knew I couldn't catch him with jabs and I had to soften him up with body punches."

Cotton had been dropped from No. 1 contender to No. 3 following his loss to Persol.

'Jug' Girard Slams 237, 624 In Major Loop

KAUKAUNA — Earl "Jug" Girard slammed a 237 game and 624 trio to top the Men's Major League at the Bowling Bar.

Thimmany with 71 points, holds a 6-point lead over Trude Jewelers. Other honor totals were hit by Leo King, 612; Norm Lenz, 578; Bob Biese, 579; Bob Ribarchek, 231.

Murray's Pete Vanderhyden, Dick Walker, 593; Ralph Runoe, 566; Clayton Van Den Broek, 589; Ted Welson, 582; Alois Peters, 556; Mark Nagan, 556; Jack Leddy, 564; Bob Hartwig, 553; Bob Martzahn, 577; Roy Reichert, 232; Les Forde, 562; and Ernest Trude, 573.

Former Clintonville and Rip-or College standout Pete Kasson canned 29 points for Rapids. League at the Bowling Bar. Berken's Skelly holds a one-half game lead over Tony's Bar.

Other top counts were hit by Mark Nagan, 556; Dean Beyer, 588; Dick Brandt, 592; Vic Vandrask, 565; Bob Ribarchek, 580, and George Kallhofer, 558.

Games today are Gamney's of Menasha vs. LaCrosse Rubber Mills at 2:30 p.m., Plover vs. Reliance at 6 p.m., Hewitt's of Neenah vs. Kimberly at 7 p.m. and Wisconsin Rapids vs the afternoon winner at 8 p.m.

Semi-finals are Sunday afternoon and the third place and championship at 7 and 8 p.m., respectively.

Ray Tooner, slammed a 586 trio to pace the Businessmen's League at the Bowling Bar too tight and No. 3 too loose.

Reedsburg Leads State Wrestling Test

Holds One-Point Margin Over Berlin, Coleman

MADISON (AP)—Reedsburg, ninth-ranked in the Sweet Sixteen, held a one point lead over top-rated Berlin and defending champion Coleman entering the semifinals of the 21st Wisconsin high school wrestling meet today at the University of Wisconsin Fieldhouse.

Reedsburg advanced three representatives while earning nine points as the original field of 192 was trimmed to 48 with preliminaries and quarter-finals Friday night.

Coleman also sent three grapplers, including Jerry Piliath, runnerup for the 1963 heavyweight title, into the semifinals. Berlin advanced two.

Kenosha Posts Seven Kenosha, the Big Eight champion, posted seven points, Richland Center, Nicolet, Port Washington and Madison West each had six, and Fort Atkinson and Milwaukee King, West Allis Hale and Milwaukee Riverside and Amery five apiece. Another point back were Iowa-Grant, Lake Mills, Rhinelander and Schofield.

In addition to Berlin, Kenosha, Richland Center, Nicolet, Port Washington, Fort Atkinson and Milwaukee King each advanced two through the quarter-finals.

Unbeaten 120-pounders Steve Potter of Madison East defeated Lonnie McCauley of Richland Center in a quarter-final duel of unbeaten 120-pounders. It was Potter's 26th straight victory. McCauley had won 28 straight.

There were no defending champions. Four 1963 runnersup advanced to the semifinals and two were eliminated. Defeated in the quarter-finals were Pat Giese of Stevens Point in the heavyweight title fight with his 165-pound class and Al Anderson in the 180-pound division.

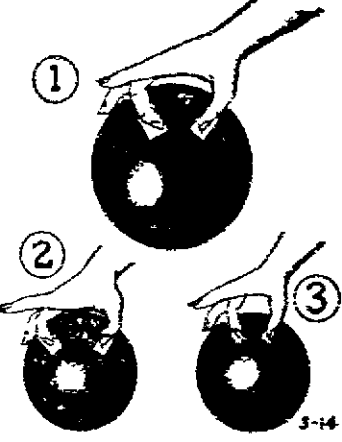

Advancing with Piliath, brother of Wisconsin's Big Ten heavyweight champion, were 11-pound Bruce Haxton of Mer-rill, 127-pound Ervin Barnes of Rich Lemoine of Reedsburg. Semifinals were scheduled before the championship round to-night.

Bowling Tips

BY DON CARTER AND MARION LADEWIG

Having a Fit

Having your bowling ball fitted properly is extremely important, not only for comfort but for scoring. Be sure the person who measures your hand is skilled, then take his advice.

What feels "nice" when you first grip a ball is not necessarily the best fit. You may be accustomed to the wrong fit. Most often, bowlers will prefer a grip that is too loose. This causes them to hold the ball too tightly during the delivery and results in a sludding, ineffective ball. The illustration No. 1 is about right for most bowlers. With just a small space showing between the hand and ball. No. 2 is too tight and No. 3 too loose.

ly sank both tries to double the lead.

Walter threw in a 15-footer with 41 seconds to go, and the Jays were still in the game, 49-47. All hope was wiped out 11 seconds later, as Zillges rebounded a missed Meyer free throw, and the Papermakers 24-all with 3:39 left in the half.

led, 51-47. Wyngaard, who was fouled at the final horn, made a free throw after the Papermakers' spirited victory demonstration.

Meyer, who sank six of seven floor shots, was the game's top scorer, with 19 points. Kroner and Zillges came through with 10 and nine, respectively. Levknecht, who played less than half the game because of his foul burden, was held to eight points.

The leading scorer for Menasha, which lost its first sectional at the tournament in history, was Dick Sorenson, with 15 points. Jim Walter and Mark Pawlowski gained eight apiece. In previous sectional play, the Jays had accomplished 2 - g a m sweeps in 1948, 1951 and 1953.

The Gene Mason-coached Papermakers, ranked No. 3 in the state, have beaten the 10th-ranked Jays twice since losing their only game of the season to Menasha (55-48) in January. The Clem Massey-led Jays go into tonight's consolation play with a 19-3 record—the school's best since the state championship year of 1953.

More Productive

Kimberly posted only a slight field goal shooting edge (.348 to .333) last night, but was considerably more productive on the charity line. The Papermakers shot at 80 per cent—20 for 25—while the Jays made only 17 of 31 (.548 per cent).

The tense game was tied eight times, and the score changed hands six times before the Papermakers got in front to stay.

With Zillges showing the way, Kimberly snapped a 9-9 tie and collected nine straight points late in the first quarter. Sorenson broke the spell with a 20-footer, but Meyer scored after a job pass over the Jay defense, and the Papermakers led, 20-11. Another Sorenson basket cut the lead to seven points at quarter's end.

An amazing spectacle was unveiled in the second quarter: high-scoring Kimberly was blanked from the field. The out-sized Jay defenders kept the big Papermaker forecourtmen away from the basket consistently—

Frank Howard 'Doubtful' of Playing Ball

CONTINUED FROM PAGE 6

he always has been. The Dodgers have been more than good to me, but the way I feel now I couldn't play for them or anyone else."

Asked directly if he felt he was through baseball for good, Howard replied: "I don't like to say so definitely, but things would have to take an awful big turn of events to permit me to play at least this year."

Confer With Company

Howard, who has been working as a sales trainee for a Green Bay firm during the off-season, said he planned to confer with officials of the company next week about continuing on the job.

He broke into organized ball with the old Green Bay Blue Jays of the Three-I League. He and his wife, a Green Bay native, and their four children live in nearby De Pere.

Howard declined to disclose his "personal problems," but said "a combination of things hit me all at once."

Merrill Tips Clintonville

with Waukesha, which defeated Milwaukee Bay View 71-50 for its 15th triumph in 22 starts.

Ashland, owner of a 14-9 record, upset Glidden on Jerry Jonias' 15-foot jump shot as the buzzer sounded ending the overtime period. Glidden, a special mention team in the Little Sixteen, finished with a 20-3 record.

Frederic won the right to meet Ashland by defeating Rice Lake Frederic, ranked seventh in the Little Sixteen, has lost only one of 23 games.

North Scores 102 Points

A City Conference rivalry was set for renewal at Menomonee Falls when Milwaukee North and Milwaukee Lincoln swept through semifinals. North, rated fourth in the Big Sixteen, posted its 21st victory against a single defeat while whipping Grafton 102-69 as Esthethal Ford scored 27 points, Blanton Simmons 20, Tom Martin 18, and Clarence Young 16.

Lincoln, paced by Norman Clark with 27 points, trounced Sheboygan North 81-60 in boosting its record to 17-4 and earning the right to avenge two regular season losses to North.

Eau Claire Memorial, seeking a return trip to Madison, raised its record to 21-1 by belting Johnson 95-65. The Old Absor John A. McCone made anguerrilla activities inside Red broke loose with 34 points, including 13 by Jeff Ellenson, in the third period to clinch the decision. Ellenson scored 17 points while teammate Mike Loehnis tallied 24 as Memorial maintained prestige as the Big Sixteen's No. 6 team. Mauston rated third among smaller schools, was left with a 21-2 record despite Jerry Ripley's 25 performance.

Sparta Wins 21st

Sparta, rated 12th among larger schools, won the right to meet Memorial by whipping Independence 83-65. Sparta, which has a 21-1 record, was led by Gene Peterson with 30 points, while Jack Bisek tallied 29 for Independence.

Gary Bandor connected for 30 points and Tom Misfeldt 20 as Thorp, rated ninth in the Little Sixteen with a 21-2 record, defeated Lena at Wausau. Thorp will be opposed in the Sectional final by Merrill, which boosted its record to 19-4 by edging Clintonville 66-62 with the help of 23 points by Jim Langenkamp.

At Janesville Waterloo, runnerup in the Little Sixteen, advanced by defeating Beloit 67-62, for its 21st triumph in 24 games, and Watertown, special mention entry in the Big Sixteen, defeated Green Lake 65-50.

Rebels Remain Problem

The general thrust of the McNamara mission findings was that the war will be decided in South Viet Nam rather than outside, and its recommendations are pointed to that end.

Even if the flow of arms and men from the Communist north were halted, the mission felt, there still would be the big job of clearing out the guerrilla rebels and solving huge economic, political and social problems so the country could achieve stability.

Sources familiar with what went on during the fact-finding tour denied emphatically that there was any agreement on any plan to step up sabotage and anguerrilla activities inside Red North Viet Nam.

Continuing in New Hampshire last January, Goldwater again spoke of a voluntary system. Whereupon Rockefeller got out a statement saying in part: "Sen. Goldwater's notions would wreck the Social Security system. He seems to have no conception of its basic functioning. He doesn't seem to understand

day after returning from five days in South Viet Nam.

Parts of Five States Put in Disaster Area

CONTINUED FROM PAGE 1

dreds of well-wishers crowded around him.

Governors of the seven flood-affected states were invited by the White House to join Johnson for the trip. The only one who could not catch up with the Chief Executive was William W. Scranton of Pennsylvania, a Republican who figures prominently in talk about potential GOP candidates. Scranton sent a deputy.

As Johnson made his flight, the Ohio river was receding at Louisville and upstream. But to make a detailed study of the problems of the Menominee Indians in Wisconsin.

Nash, a former lieutenant governor of Wisconsin, was told by the committee Friday to have a report ready for the budget hearings of 1966 which are due next year.

Rep. Melvin Laird, R-Wis., asked the committee to order the study, contending that Nash had told him that the Menominee Indians were no longer a federal problem because the tribe was released from U.S. control in 1961 when a new county was formed of the reservation.

its crest had yet to pass western Kentucky and southern portions of Indiana and Illinois.

It already has left 11 dead, more than \$50 million in damages and, by Red Cross estimates, 110,000 persons affected.

Many Homes flooded

Louisville relaxed as its flood wall withstood a crest of 46.2 feet, 18.2 feet above flood stage, but hundreds of residents outside the city had flooded homes. Little West Point, Ky., with some 100 people left in the 2,300-population town after mass evacuation earlier, had 99 per cent damage, in varying degree, officials estimated. Most of Main Street was under 4 to 8 feet of water.

Downriver, Lewisport was reported entirely underwater. The town's population of nearly 700 fled to homes of relatives and friends on high ground.

Forced to Evacuate

Owensboro, Ky., 16 miles farther downstream, awaited a crest of 49.5 feet Sunday. The city itself had little trouble, but several hundred persons in the area had to evacuate.

Evansville, the largest Indiana city on the Ohio, moved 300 coats into the downtown Coliseum to await evacuees expected before Sunday's crest. A flood wall was expected to protect most of the city.

Paducah, Ky., the last big city downriver, also has a flood wall. The Ohio joins the Mississippi at Cairo, Ill.

In West Virginia, Wheeling residents cleaned up sodden debris. No major flooding was reported in Illinois, although high water in the southern section drove out a few families.

Nash Will Make Study of Indians

WASHINGTON (AP) — The tribe was released from U.S. control in 1961 when a new county was formed of the reservation.

Continuing in New Hampshire last January, Goldwater again spoke of a voluntary system. Whereupon Rockefeller got out a statement saying in part: "Sen. Goldwater's notions would wreck the Social Security system. He seems to have no conception of its basic functioning. He doesn't seem to understand

Statistics Readied for Area Vocational School

AVS Director Says Information Compiled On Fox Cities Growth, Education Needs

Statistical information on population growth, employment and training needs, equalized valuation and other aspects of the five Fox Cities area has been compiled for use by the five Fox Cities boards of vocational and adult education in their discussion of area vocational school possibilities April 22.

C. L. Greiber, state director of vocational and adult education, will meet with members of the five Fox Cities boards at 4:30 p.m. April 22 in the Conway Hotel. The meeting will continue after a 6:30 p.m. dinner.

Area Facilities

The joint meeting was called at the request of the Appleton board, which is faced with the need for new facilities and is concerned about what affect possible area development of vocational education will have on its plans. Greiber and the state board are encouraging the development of area vocational facilities.

Various possibilities have been suggested for the Fox Cities area, ranging from an area vocational school built and operated by the five boards to development of one school as an area center for post-high school education and continuation of present programs at the other schools.

Bertram said he has compiled statistical information on present and projected population growth in the Fox Cities and area, the number of high school graduates in Outagamie, western Calumet, northern Winnebago and Waupaca counties.

Also compiled are the total amounts now spent by the five vocational schools in Appleton, Neenah, Menasha, Kaukauna and Kimberly; the programs offered by the five schools, assessed and equalized valuation of the five cities and the entire area, the number and percentage of persons employed in various employment classifications in the entire area, distances to a central point and present post-high school programs. Bertram has prepared his own projections on what other programs ought to be added.

The equalized valuation of the entire area is more than \$1 billion, Bertram said. Greiber will discuss how area schools can be developed and what projected needs are, Bertram said.

Methodist Negro Unit Causes Ire

May End Central Jurisdiction But Retain Rights Goal

What to do with the Central Jurisdiction will be the most vital issue the 858 voting delegates to the General Conference of The Methodist Church will face when they convene in Pittsburgh April 26.

That is the opinion of Bishop Gerald Kennedy, resident bishop of the Los Angeles area and president of the Council of Bishops of the Methodist Church.

Because the Central Jurisdiction is made up entirely of Negro churches, in the eyes of the world it stands for segregation in Methodism's organizational structure, points out Bishop Kennedy in the May issue of "To-gether," Methodism's family magazine.

The big problem, says the bishop, is how to handle the abolition of the Central Jurisdiction without destroying the minority rights of Negro Methodists, a point often overlooked by the idealists.

The second largest issue, he believes, will be the merger of the Methodist Church and the Evangelical United Brethren Church. This has been under discussion by a commission from each church for some time. A plan of union drawn up by the two commissions will be submitted to the Methodist Conference for approval and then submitted to the EUB Conference in 1966.

Chief Barrier One of the chief barriers to approval may be a proposal to leave certain EUB procedures unchanged for 12 years. "If we are not ready yet to become one church," declares the bishop, "why not wait 12 years or whatever time is necessary until we are?"

Other big issues will deal with ordination of ministers and a redefinition of deacons and elders, the length of tenure and retirement age of bishops, the reorganization of the General Board of Missions, and what to do with inactive members.

The Central Jurisdiction of the Methodist Church was created in 1938 when the Methodist Episcopal Church, the Methodist Episcopal Church South, and the Methodist Protestant Church merged to become the Methodist Church. Today it contains 17 Negro churches with a membership of 375,000 Negroes.

The General Conference is the legislative body of the Methodist Church that meets once every four years.

Mental Health Aide to Organize Fox Valley Association Chapters

Organization in the Fox Valley of new chapters in the Wisconsin Association for Mental Health is included in the responsibility of Paul Schuette of Manitowoc, recently appointed field representative of the association.

Charles Bylsma, Madison, association executive, announced the appointment.

With 21 local chapters in the state, the association's objectives include mental health education, service, public information and fund raising for national research support.

Schuette has two years experience with the American Cancer Society. He will maintain a Manitowoc office at 910 N. 8th St.

St. Patrick Program Set for OES Meeting

KAUKAUNA—A St. Patrick's Day program featuring the contributions of the Irish people to American culture will be presented at a meeting of Odile Chapter 184, Order of Eastern Star, at 7:30 p.m. Tuesday at the Masonic Temple.

Mrs. Myron Black is program chairman assisted by Mrs. Edwin Sager and Mrs. Thomas Vette. Refreshments will be served by Mrs. Frank Ferrige, Mrs. Henry Lemke, Mrs. Percy Chamberlain, Mrs. Dale Andrews, Mrs. Stanley Beguhn, Mrs. Leslie Smith, Mrs. Simon Cherkasky, Mrs. Walter Hagman, Frank Ferrige, Stanley Beguhn, Leslie Smith and Dr. Simon Cherkasky.

Fox Valley Lutheran to Take Bids for \$400,000 Additions

Proposed Expansion Would Boost School Capacity to 575 Students

Plans for two proposed additions to Fox Valley Lutheran High School, to cost an estimated \$400,000, will be let out for bids Monday.

The Fox Valley Lutheran High School Federation, representing the 19 congregations, which support the school, will meet April 23 after bids have been tabulated to determine whether to proceed with all or part of the proposed expansion and when to build. Bids are to be returned by April 21.

Final plans for the expansion program and related remodeling in the present building were approved by the school building committee Thursday.

If construction is approved by the federation, it is hoped it can be started in May, the Rev. Harold Warnke, high school principal, said Friday.

School officials hope that at least two or three rooms can be ready for use next fall.

Proposed Additions

The proposed additions would increase the capacity of the school from the original 275 students to about 575. The present enrollment is 385, and enrollment is expected to pass 400 next fall.

The expansion plans, designed by Raymond LeVee and Associates, Appleton architects, would include two new wings. The first would be a two-story addition attached to the east of the auditorium wing.

The proposed addition to the north, extending to the east, would have a study hall, conference rooms, library, workrooms, science lecture room, biology laboratory, three classrooms, two business education rooms, a plant and animal room for biological study, restrooms and a janitors room.

The proposed addition east of the gymnasium would have a music suite, student publications area, canteen, bookstore and restrooms on the upper floor, and a cafeteria, kitchen and locker room on the ground floor.

The present cafeteria, kitchen and canteen area then would be converted into a faculty room, home economics rooms and guidance center.

Correction

A story in Friday's Post-Crescent incorrectly stated Appleton bicycle license sales would begin at the police station Saturday. Bicycle license sales are scheduled to start next Saturday, March 21, at the police station. The remainder of the schedule published Friday is correct. The Post-Crescent regrets the error.

Menasha Man Sentenced for Area Burglaries

OSHKOSH — County Judge James V. Sitter Friday afternoon sentenced Roman D. Koerber, 37, 208 Abbey Ave., Menasha, to three concurrent one-year terms in the county jail for two Fond du Lac County burglaries and one in Waupaca County. These may be served under the Hubei law.

In addition, he placed Koerber on 19 years of probation for 10 Winnebago County burglaries and an extra year, to be served consecutively, for one \$150 theft charge. The charge for each of the 10 burglaries was 10 years with the provision these will run concurrently.

Koerber pleaded guilty to these 14 counts Feb. 17. His companions in the break-ins received state prison and state reformatory sentences Friday morning. They were involved in additional burglaries.

Have A Records

FREEDOM — Two Freedom High School students received straight A grades for class work held again on Sunday, April 19, at the conclusion of the fourth-through sixth week grading period. They are Joan Lemke and Carol Van Vreede.

Set Sunday Night

Mendelssohn's Oratoria 'Elijah' First Waupaca Arts Festival Show

WAUPACA—The first event of the Fints Arts Festival is scheduled at 8 p.m. Sunday when a 150-voice chorus, smaller vocal groups and a few soloists will present Mendelssohn's Oratoria 'Elijah' in the Waupaca High School gymnasium, under the direction of Gerald Knoepfel.

The presentation is an area-wide effort. Vocalists are taking part from Iowa, Scandinavia, Nancy Keil, also will be featured in the New London, Weyauwega and Waupaca.

Miss Mari Taguchi, professor of voice at Lawrence College, Appleton and a former student of Knoepfel, is teaching at Xavier High School, Appleton. She will be featured as the baritone in the role of Elijah.

George Lorenz, Waupaca High School social studies instructor, who has had the tenor lead in the presentation of Messiah for 10 years at LaCrosse and Stevens Point, will sing the role of Obadiah and Ahab. Lorenz started singing when he was five years old and sang as a boy soprano until he was 20 years old when he changed to tenor.

Miss Lois Wessenberg, a student at Oshkosh State College, will be featured as contralto in the role of an angel.

Mrs. Edmund Webster, elementary vocal teacher and a piano teacher, will be piano accompanist, and Miss Aleine Miller, organist at the First Methodist Church, will be organ accompanist.

Madrigal Singers The madrigal singers are Mrs. Robert Stange, Mrs. Joseph Sadogierski, Mrs. Kenneth Porrey, Mrs. Lucius Anthony,

Twin Cities to Aid Appleton in Study

94,100 Persons Get 1st Dose of Sabin Vaccine

Clinics Reach Over 90 Per Cent of Outagamie Residents

More than 90 per cent of Outagamie County's population received the first dose of the anti-polio Sabin vaccine, it was disclosed today.

Dr. George Behnke, Kaukauna, chairman of the Outagamie Medical Society project, announced that over a week's period 94,100 persons received the vaccine.

At the 16 clinics held in the county last Sunday it was reported 84,000 persons received the first dose of type 1.

Because many residents were unable to attend the clinics, doctors throughout the county agreed to administer oral vaccine at their offices and clinics during the week, resulting in another 10,000 doses being administered.

"As of today we are completely out of the serum," Dr. Behnke said.

The percentage of Outagamie County residents obtaining the vaccine is the highest recorded in any county in the state to date. When the Sabin clinics were held recently in Dane County about 80 per cent of the populace turned out for the first phase of the immunization program.

Dr. Behnke said a more accurate account of the doses administered was made after compiling the number of bottles of vaccine sent out during the week. Some doctors ordered the Sabin vaccine from the Medical Society earlier in the week and administered it to patients to day.

"We received calls from some wanting more vaccine but we are now completely out of the vaccine," Dr. Behnke said. The serum had been under refrigeration at Doctors Park Soloists will be Mrs. Norman Johnson, Mrs. Allan Johnson, Mrs. Orvil Stern, Rodney Vaughan, Jersey three weeks ago.

All residents who got the first dose of Sabin were reminded by Dr. Behnke that clinics will be held at 8 p.m. Sunday, April 19, at the conclusion of the fourth-through sixth week grading period. They are Joan Lemke and Carol Van Vreede.

Neenah, Menasha Will Cooperate With Consultants in Survey for Proposed Lake Water Pipeline

Neenah and Menasha will co-operate with consultants making comprising the Fox Cities a water feasibility study for the plex City of Appleton, it was agreed Friday.

Mayor Clarence Mitchell pre-sided over an informal meeting of governmental representatives from the three cities.

Appleton has hired Consoer Townsend and Associates of Chicago to conduct the water survey, which will advise on the merits of going to Lake Michigan or Lake Winnebago for a long-range supply.

List Alternatives In addition to recommending a plan for Appleton, the firm will also list alternatives which will include Neenah and Menasha in six months.

Paid for by Appleton Also representing Appleton were Robert W. Buess, public works director; Robert Deland, water commission chairman; and William Gallaier, water department superintendent.

The entire study, expected to cost about \$20,000, will be paid for by Appleton.

The Appleton delegation indicated that if there were a possibility of other Fox Cities communities joining in a pipeline project to Lake Michigan in five to 10 years, this city might hold the up on going to the big lake driveway of the rectory west to and try Lake Winnebago as a Pine Street on the north side of Kimberly Avenue and cars must be parked in marked stalls on both the church and school lots. When leaving the parking area, all motorists are required to make a left turn.

Would Go It Alone However, should the other cities feel they have ample long-range water supplies, Appleton would go it alone to Lake Michigan, which would be most costly than if there were a co-operative pipeline.

Appleton officials said they would stop taking water from the Fox River as soon as possible.

Should Appleton go to Lake Winnebago, it was reported that the Fox River would remain a standby source.

Mitchell intends to meet with officials of other communities in the area soon to explain Appleton's water study.

Methodist Senior Choir Lists Program of Passion Cantata

The adult choir of St. James Methodist Church will sing a Passion Sunday choral cantata at the 10:30 a.m. service Sunday.

The cantata will include such selections as "There Is A Green Thawed Vaccine," by George C. Stebbins and "The Trial" by Frank Cross. The cantata will be sung by Mrs. Norman Johnson, Mrs. Allan Johnson, Mrs. Orvil Stern, Rodney Vaughan, Jersey three weeks ago.

All residents who got the first dose of Sabin were reminded by Dr. Behnke that clinics will be held at 8 p.m. Sunday, April 19, at the conclusion of the fourth-through sixth week grading period. They are Joan Lemke and Carol Van Vreede.

AHS Music Students Participate in District Music Event

Students from the Appleton High School music department will participate today in the Fox River Valley Conference district music festival at Menasha.

Vocal, band, and orchestra performers will participate. Lester Schulz is director of the AHS vocal entrants Frank Cornella directs the band and Harold Hoecherl the orchestra.

Ratings of first, second, third, fourth or fifth will be given. Those students who receive a first in class A competition will compete in the state tournament to be held May 2.

Competing high schools include Green Bay East, Green Bay West, Oshkosh, Two Rivers, Sheboygan North, Sheboygan South, Fond du Lac, Menasha, and Kaukauna.

Paper Firm Announces Promotions of Two Men

Two appointments at the Appleton Division of Consolidated Paper have been announced by Harold J. Lausman, division manager.

John Kemps has been promoted to foreman, pulp processing. He has been with the company since 1929 and has been serving as a tour foreman since 1952.

Vernon Kiser has been named shipping foreman, scheduling and ship-ping. He began his employment with the local division in 1941 and has been assistant foreman of the Shipping Department since 1945.

The Planning Committee for the May 1 Law Day observance in Outagamie County met Friday in the home of Mr. and Mrs. A. Gerard Patterson, 500 Prospect Ave., Appleton. Looking at materials to be used in Law Day displays are, seated, from left, Mrs. John Wylie, Little Chute, Mrs. Joseph Van Susteren, Appleton and Mrs. Patterson. Standing are Leon E. Jensen, Appleton, left, and Donald E. Swetz, Kaukauna. (Post-Crescent Photo)
